

PERFECTLY SLICES PRODUCTS WITHOUT SURFACE DISTORTION!

ULTRASONIC SLICER

SK400

- *The Ultrasonic Slicer sharply slices bar-shaped dough formed with Cornucopia and other Encrusting machines.*
- *Slices smoothly with minimal contact between the blade surface and product using microscopic vibration. Cleanly cuts not only fragile, delicate, sticky dough, but also dough with solid ingredients such as sliced almonds or dried fruits nicely without distortion.*
- *Using the box motion cutting method, the dough will not stick to the conveyor or will it bounce off after vertical cutting. Millimeter-accuracy cutting and very quiet operation.*

* Safety covers are removed for the photograph.

Slices complicated shaped product cleanly

Almond cookie

Two-color cookie

Three-color cookie

Cuts dough with solid particles sharply

Fruit bar

Cube cookie

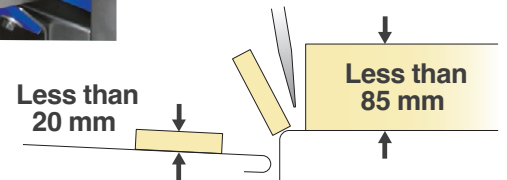

Twist cookie

Cookie production line

You can omit the refrigeration process and produce continuously and directly from dough extrusion to product panning for Ice Box Cookies.

Allows the product height up to 84 mm (less than maximum cutter stroke 85 mm). Cut product height must be less than 20 mm (out feed conveyor height). Please contact us for details.

Perfect for cutting Swiss Rolls

Ultrasonic Slicer can be also used as a stand-alone slicer. Very useful for cutting swiss rolls, fruit bars, as well as other products.

* Please contact us for details.

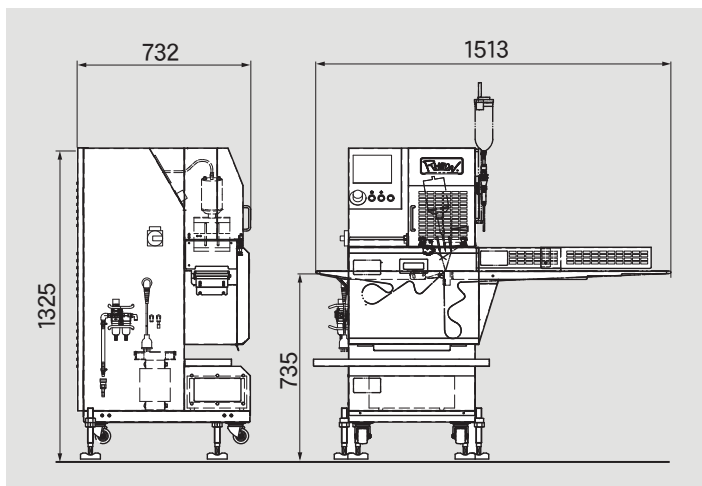

Compact Panner

Ultrasonic Slicer

Cornucopia

Dimensions

(Unit: mm)

Specifications

| | |
|---------------------------|---------------------|
| Model Code | SK400 |
| Length | 1513 mm |
| Width | 732 mm |
| Height | 1325 mm |
| Weight | 100 kg |
| Electrical Capacity | 0.88 kW |
| Air | 0.4 MPa , 20 ℓ /min |
| Maximum Cutting Frequency | 100 cuts/min |
| Cut length | 5 mm or more |
| Cutter stroke | 35 mm - 85 mm |
| Cutter blade width | 153 mm |
| Production data memory | 20 items |
